SUMMARY

Internationally trained dentist with 3+ years of clinical experience in general dentistry, preventive care, and patient education. Skilled in radiography, infection control, and chairside assisting. Currently pursuing Canadian licensing (NDAEB, HARP) and aiming to transition into a Dental Assistant role. Recognized for strong teamwork, communication, and patient-centered care.

PROFESSIONAL EXPERIENCE

General Dentist – Kumaran Dental Clinic, TN, India

September 2023 – June 2025

- Conducted comprehensive oral examinations and developed personalized treatment plans for patients.
- Performed routine dental procedures including cleanings and fillings, and placed orthodontic braces under the supervision of senior dentists.
- Utilized advanced diagnostic tools such as intraoral scanners and digital X-rays to enhance patient care and supported advanced procedures including Laser dentistry treatments.
- Provided preventive care and education to patients on oral hygiene, diet, and smoking cessation.
- Collaborated with a team of Orthodontists, Endodontists, and Pedodontists to coordinate patient care.

General Dentist – NMS Dental Clinic, TN, India

March 2022 – September 2023

- Delivered comprehensive dental care including check-ups, restorations, and oral prophylaxis, with a strong focus on patient comfort.
- Performed and interpreted intraoral radiographs (digital X-rays) to support diagnostics and treatment planning.
- Educated patients on preventive oral health, hygiene practices, and post-treatment care.
- Maintained accurate patient charts, treatment notes, and ensured compliance with infection control protocols (PPE, sterilization, disinfection).
- Assisted in chairside procedures and coordinated with dental assistants and hygienists to support seamless clinical workflow.
- Contributed to a collaborative dental team of 8 professionals, ensuring efficient, organized, and patient-centered operations.

EDUCATION
